

I am writing to confirm your "Harvest Viewing Tour" for _____

Please check the weather prior to your scheduled date. We do pick in the rain so bring a rain jacket if the weather looks threatening, however if weather conditions present a safety hazard we will postpone the harvest. We have your cell phone number and will try to contact you immediately if there is a delay.

Please remember there are factors beyond our control such as weather, water availability, equipment operation or delays at the receiving station that can impact our harvest. We ask for your patience and understanding as we strive to make your experience as enjoyable as possible. One of the best compliments we ever received was from a young man who said "This is the real deal". Yes it is, we are a real working farm and this is not Disney World.

When you arrive at the farm park across the street from the cranberry barn and walk to the barn. We will have someone greet you in the barn to take your payment. You will then be transported to the bog by golf cart or you may walk. You should plan to arrive about 15-30 minutes prior to your scheduled time.

The cranberry barn will have some cranberry products for sale including juice, fresh fruit, cranberry jam, T-shirts, sweat shirts, hats, children's book, cranberry bread and cranberry honey from our bee keeper. You are welcome to spend time walking the farm.

If you find you are unable to attend please let me know. Once we start harvest it is a bit hectic for us and may not always return calls or emails immediately.

We look forward to seeing you soon.

Best,
Jeff
